We are pleased that you want to offer our products. We decided that trading does not require any contractual agreement as a prerequisite. We believe that trust and mutual support will lead to a positive and healthy business relationship in the long run.

With much dedication, AER has been manufacturing products for realistic music playback since 1985. We call this requirement "Real Music Audio". Our products are 100% handmade in Germany. Delivery may take between 6 weeks and 3 months. Please contact us so we can clarify your individual case. We generally do not offer any demo equipment. Our trade fair participations and show room locations are currently being expanded.

Your rights and obligations as an AER dealer are as follows:

- We do not tolerate any modifications made to our drivers by dealers.
- Sales via Ebay or third-party websites are only permitted for used articles.
